

# ANCOLD TAILINGS WORKSHOP

**Considering Liquefaction of Tailings**

UNIVERSITY OF WA CLUB | TUESDAY 12 NOVEMBER 2019

## **SPONSORSHIP PROSPECTUS**

Your opportunity to partner with ANCOLD

# INVITATION TO SPONSOR

This workshop is a truly unique sponsorship opportunity for organisations with an interest in the tailings dams sector to not only show support of ANCOLD and its initiatives, but to also directly reach a very specific target market.

Your support for this forum will be a visible demonstration of your organisation's commitment to better tailings management practices, to an improved understanding of tailings behaviour and to developing approaches that help secure the future of responsible mining.

During the workshop you will meet and network with practitioners, regulators and mining industry personnel with a common interest in tailings dam risk.

Align your organisation with ANCOLD in ensuring that Australian tailings practitioners have access to the most recent information and that our Guidelines help Australian industry employ appropriate practices in the design, construction, operation and closure of our tailings dams.

## WORKSHOP CONTEXT AND OBJECTIVES:

**Why?** Recent Tailings Dam failures have stunned the industry and highlighted the risks associated with the liquefaction of tailings. ANCOLD is ensuring that Australian tailings practitioners have access to the most recent information and that our Guidelines help Australian industry employ appropriate practices in the design, construction, operation and closure of our tailings dams.

**Who?** This workshop will help managers, designers and mine operational personnel involved in tailings management ensure consistent application of ANCOLD Guidelines.

**What to expect?** The workshop will feature technical presentations from leading Australian practitioners in the field of tailings liquefaction, explaining what it is, how to determine the potential for liquefaction, how to design for the possibility of liquefaction occurring and operational controls. Workshop sessions will allow attendees opportunity for discussion of vital issues affecting our industry approach to tailings liquefaction.
